

FAST3

3 buttons foot mounting configurable console provided with pictogram labels
 3 inputs (2x POS & 1x NEG)
 4 positive power outputs (max 10A)
 2 negative outputs (max 1.5A)
 RGB colors configurable
 Very compact configurable central unit, current max 20A

DLC4000

4 buttons foot mounting configurable console provided with pictogram labels
 3 inputs (2x POS & 1x NEG)
 4 positive power outputs (Max 10A)
 2 negative outputs (Max 1,5A)
 Very compact configurable central unit, current max 20A

DLC8000

8 buttons foot mounting configurable console provided with pictogram labels
 3 inputs (2x POS & 1x NEG)
 8 positive power outputs (Max 10A)
 2 negative outputs (Max 1,5A)
 Very compact configurable central unit, current max 20A

TINY8

8 buttons ultra-compact configurable console provided with pictogram labels
 3 inputs (2x POS & 1x NEG)
 8 positive power outputs (Max 10A)
 2 negative outputs (Max 1,5A)
 Very compact configurable central unit, current max 20A

IDC4HD

4 buttons foot mounting configurable console provided with pictogram labels
 5 inputs (2x POS & 2x NEG & 1x Analogue)
 5 positive power outputs (Max 4x15A & 1x25A)
 2 negative outputs (Max 1,5A)
 Configurable central unit, current max 45A

IDC8HD

8 buttons foot mounting configurable console provided with pictogram labels
 5 inputs (2x POS & 2x NEG & 1x Analogue)
 5 positive power outputs (Max 4x15A & 1x25A)
 2 negative outputs (Max 1,5A)
 Configurable central unit, current max 45A
 Optional DLI interface for arrowstick control (8x negative outputs)

MC8HD

8 buttons foot mounting configurable console provided with pictogram labels
 5 inputs (1x POS & 1x POS/NEG & 2x NEG & 1x Analogue)
 12 positive power outputs (Max 11x15A & 1x25A)
 2 negative outputs (Max 1,5A)
 Configurable central unit, current max 2x40A
 Optional DLI interface for arrowstick control (8x negative outputs)

MCDDUO HD

8 buttons foot mounting configurable console provided with pictogram labels
 8 buttons wall mounting configurable console provided with pictogram labels
 5 inputs (1x POS & 1x POS/NEG & 2x NEG & 1x Analogue)
 12 positive power outputs (Max 11x15A & 1x25A)
 2 negative outputs (Max 1,5A)
 Configurable central unit, current max 2x40A
 Optional DLI interface for arrowstick control (8x negative outputs)
 Optional Unitherm-HD interface for heating and cooling systems control

DIFFERENT CENTRAL UNITS FOR DIFFERENT POWER/POSSIBILITIES

VigiLink

POLARIS

POLYPM HD

	Max Power	Inputs	Outputs	Canbus chassis	Canbus control	100W Siren included
VIGILINK	+40A	3 POS & 5 NEG	6 POS(10A) & 4 NEG(1,5A)	1x	1x	v
VIGILINK M	+40A	3 POS & 5 NEG	6 POS(10A) & 4 NEG(1,5A)	1x	1x	-
POLARIS S	+60A	1 POS & 7 POS/NEG & 2 AN	10 POS(15A) & 10 NEG(1,7A)	1x	1x	-
POLARIS M	+80A	1 POS & 13 POS/NEG & 2 AN	17 POS(15A) & 3 POS(20A) & 14 NEG(1,7A)	1x	1x	-
POLARIS L	+80A & +60A	1 POS & 19 POS/NEG & 2 AN	27 POS(15A) & 3 POS(20A) & 20 NEG(1,7A)	1x	1x	-
POLARIS XL	2x +80A	1 POS & 27 POS/NEG & 2 AN	34 POS(15A) & 6 POS(20A) & 28 NEG(1,7A)	1x	1x	-
POLYPM-HD S	+60A	1 POS & 7 POS/NEG & 2 AN	8 POS(15A) & 2 POS(20A) & 10 NEG(1,7A)	1x	2x	v
POLYPM-HD M	+80A	1 POS & 13 POS/NEG & 2 AN	17 POS(15A) & 3 POS(20A)	1x	2x	v

All central units quiescent current : 0mA

CHOOSE YOUR USER INTERFACE

- Touch screen consoles 4.3" - gloves compatible
- From 4 to 30 buttons or pilot lamps
- Fully customizable by software : pictograms (picture and text), button colour, logo, etc
- Direct acces to emergency function and power key
- Text messages, vibration and sound feedback
- Foot or wall mounting model, black or white housing, F1/F2/F3 or Beacon/Siren/Aux keypad
- Up to 3 consoles connected to central unit

- FAST3
- 3 buttons : 3 or 2 + On/Off
- Provided with pictogram labels
- Sound feedback
- Easy mounting
- RGB colors configurable

- Flat switch panel : FSP-4 / FSP-6 / FSP-9
- 4, 6 or 9 buttons/pilot lamps version + power key
- Provided with pictogram and colour labels
- Wall mounting by default, housing option for foot mounting
- Sound feedback
- Up to 12 consoles connected to central unit

- FSP-Touch digital flat switch panel
- 4 to 8 buttons/pilop lamps version + power key
- Fully customizable by software : pictograms (picture and text), button colour,etc
- Sound feedback
- Vibration feedback
- Wall mounting
- Up to 12 consoles connected to central unit

- MK-10/MK-18 handheld console
- 5/11 printed keys for emergency/scene functions + 4/6 custom buttons/pilot lamps version + power key
- Microphone included with ON/OFF and sound level control
- Provided with pictogram labels
- Compatible with Vigilink or POLYPM-HD (central unit with siren module included)
- Sound feedback
- Mutlidirectional foot mounting in option
- One console connected to central unit
- RGB colors configurable

- MK-DIN Din format console
- 3 printed keys for scene functions + 12 custom buttons/pilot lamps version + power key
- Compatible with PA microphone in option
- Provided with pictogram labels
- Sound feedback
- Din slot mounting or mutlidirectional foot mounting in option
- One console connected to central unit
- RGB colors configurable

- OPENLINK interface
- Interface to control the POLARIS/VIGILINK/POLYPM-HD through serial port (USB/RS232)
- Provided with special protocole to create your full customized interface or use OpenLink Creator software to import your configuration and drag/drop the button on Windows touchscreen.
- Up to 3 OpenLink interfaces connected to central unit (same as touchscreen console)

EXTENSION MODULES

EPM-103

- Extension Power Module
- 10x positive power outputs +10A
- 3x negative outputs -1,7A
- Up to 4 modules connected on same central unit

ADI

- Analogue Digital Interface
- 8x analogue inputs
- Up to 4 interfaces connected on same central unit
- Allowing gauges display on touchscreen consoles

SIRENS

PPS HD

- Single channel tone generator/amplifier
- 100W siren compatible with 8/11/16 Ohms
- 30 tones available, up to 8 tones configurable
- Fully electronic protected against speaker failure with diagnosis monitoring
- Controlled by digital inputs (4x) or canbus
- Microphone for public address compatible
- 1x positive output signal for siren status (1,5A max)

PPS TWIN

- Dual channels tone generator/amplifier
- 2x100W siren compatible with 8/11/16 Ohms
- 30 tones available, up to 8 tones configurable
- Fully electronic protected against speaker failure with diagnosis monitoring
- Controlled by analogue inputs (8x) or canbus
- 4x positive power outputs (+10A)
- Changeover relais intergrated
- Compatible with FSP console for standalone use

CONTROL INTERFACES

UniTherm HD

- Heating and cooling control
- Communication with main market brands
- Direct motor control PWM compatible (+20A)
- Hot and cold valve control
- Temperature sensor included

IDfan

- Fan management
- Polarity reverse for fan rotation control
- Direct motor control PWM compatible (+7A)

VFI

- Voice Feedback Interface
- Configurable vocal messages broadcast
- 2x5W/4 ohms amplifier
- Audio line output
- Text-to-speech configuration by SpeedFilter

SFC200

- Dimmer/Flash follower
- Dimmer function for lights with fixed or variable level
- Flash patterns for flashing function outputs
- Inputs/outputs follower

MFI

- Multi function interface
- To be customized for special purposes
- 2x Canbus ports
- 2x Rs485 ports
- 1x Rs232 port

SOFTWARE

SpeedFilter

Configuration and simulation software for Ideatec products

ClickSync

Synchronisation freeware for automatic configuration

- Create your own user interface on Windows operating system from SpeedFilter configuration
- To use with Openlink interface
